IMPORTANT INFORMATION FOR CAMPERS WITH ALLERGIES OR ASTHMA AT SLC T&T

- 1) The RN's recommend that campers who use an inhaler carry it with them on their person. The camp nurse will have them put their initials on it in case it gets lost. **Campers must check the inhaler in at check in and they will then be allowed to keep it with them.** If they use it more than normal or if they are having any breathing difficulties, they must let the nurse know.
- 2) There is no ER or Urgent Care in Idyllwild. We will either transport a camper to Hemet Hospital, if it becomes necessary, or call 911 in the case of an emergency.
- 3) We will not have access to an EpiPen unless your child provides it. **Campers must check their EpiPen in when first arriving. They will then be allowed to carry the EpiPen with them. It is very important that they tell us that they have an EpiPen so the nurses are aware of the camper's severe allergy. The EpiPen must have a pharmacy label.**
- 4) Campers with asthma and allergies need to be self-managers and have the ability to know when they need their medication or when they need to change their activity level to avoid difficulties with their allergies or asthma. The nurses will be more than happy to assist.

It is understood that in signing this document, rights are surrendered to make any claim or file a lawsuit against Idyllwild Pines and/or agents for personal injury, property damage, wrongful death, breach of warranty or contract, or under any other legal theory, except in cases in intentional wrongs or the gross negligence of Idyllwild Pines and/or its agents. I understand and agree that this release includes any claims based on the actions, omissions, or negligence of Idyllwild Pines and/or its agents, whether a COVID-19 infection occurs before, during, or after participation in the Activities.
